Geometry

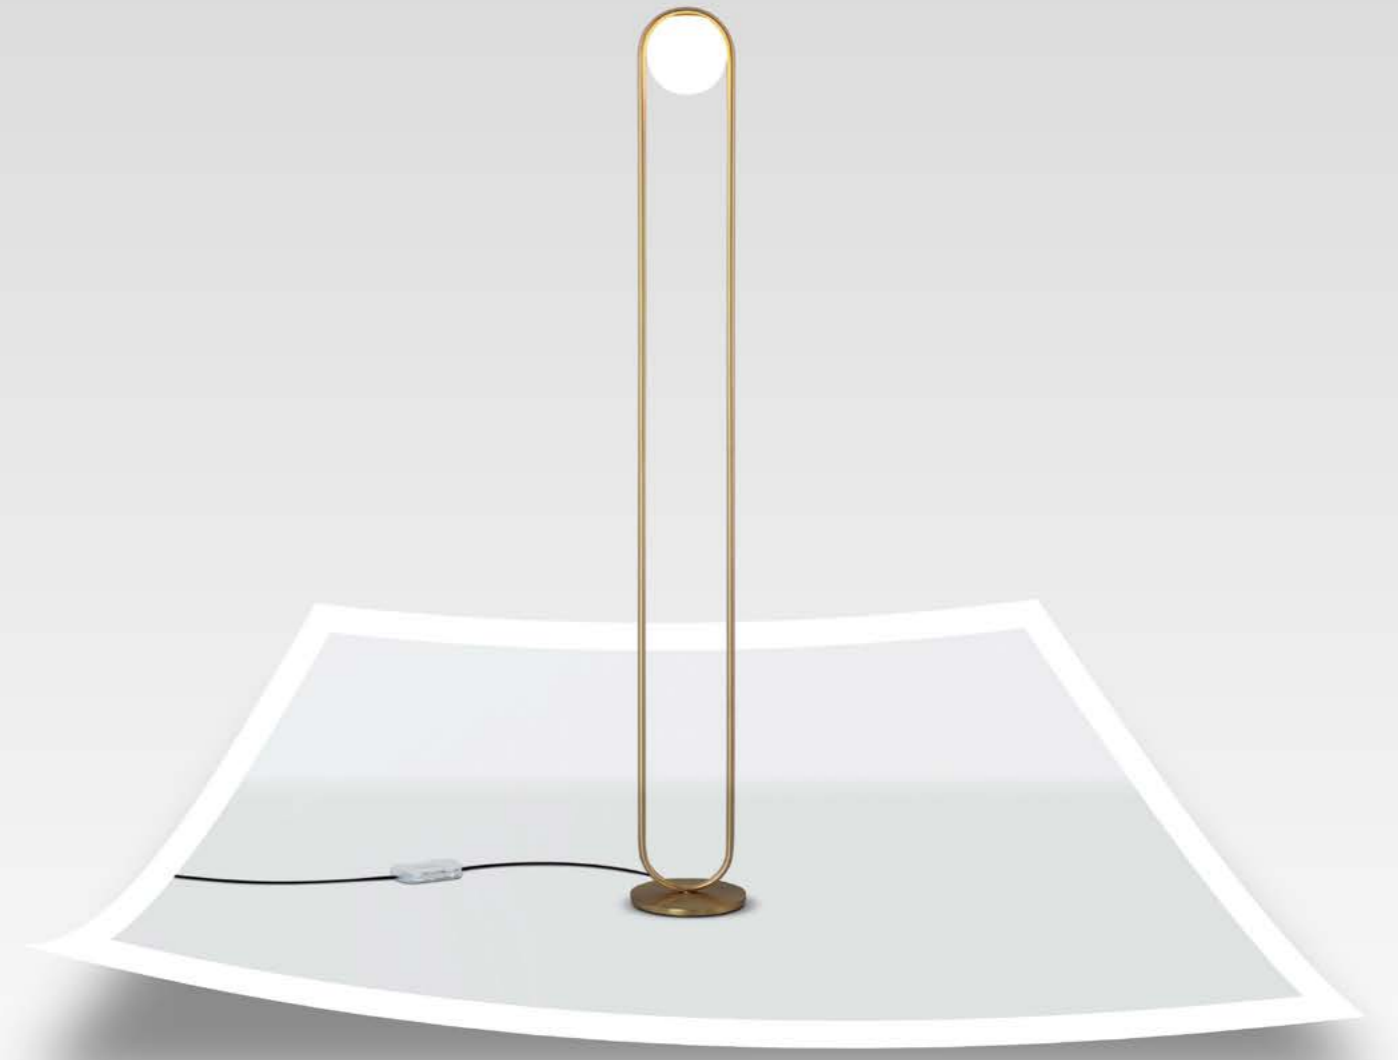

A circle is a plane figure bounded by one line, and such that all right lines drawn from a certain point within it to the bounding line, are equal. The bounding line is called its circumference and the point, its **centre**.

Our Showroom:

Zodiac is established as one of the leading lighting companies in Hong Kong. As the sole distributor for a number of famous lighting companies all over the world, the company endeavours to provide an integrated lighting solution for clients.

The two showrooms, **Zodiac** and **Zodiac PRO**, are furnished with our best lighting equipment and products, allowing a glimpse of the latest fashion in the industry. The showrooms are designed to lead a lighting journey with our new and existing customers and to showcase our extensive range of products.
